School Year: 2010-11

FROM THE DESK OF THE PRINCIPAL

We are about to begin a new year, and I want to thank the parents of our Our Mother of Mercy's new and former students for entrusting your children to us. We are a very special, God-centered and dedicated group; and, it is our belief that we must always do our very best in developing the students of our school both academically, spiritually, socially, and physically. We are here to form strong, Christian, and responsible individuals, who are capable of making free and correct choices.

Parents and guardians, we want to extend an invitation to you to be a part of your child's education at Our Mother of Mercy. I read once that there are many predictors of a child's success; but, the chief predictor regarding their performance, their motivation, their health, and their productivity is their perception of their parents' image of them. This is not necessarily what you as a parent really believes; but rather, their perception of what you believe about them. In their search of self-discovery and their purpose on earth, your children look to you for help with this endeavor whether they know it or not. There are so many things expected of your children and of you; and, I realize that fact. However, our children are our most precious gifts and it is our duty and responsibility to do all that we can to help them feel good about themselves and their place in the world. It is our responsibility to insure that our children are disciplined individuals that can face and accept what ever comes their way without excuses. And, we must develop persons who are inner-directed and capable of making decisions based on the teaching of Jesus Christ.

It is a wonderful time to rear children? A time where you can use all of your knowledge, skills, spiritualness, love, care, forgiving spirit, etc... The list is endless when you are parenting, teaching, and disciplining. Again, we are committed at Our Mother of Mercy School to provide your child with the best academic and spiritual education. However, remember we are all in this together; we are a team. I am looking forward to meeting and working with each of you this school year. Finally, there are no challenges this school year that we cannot overcome, because God's promise is "If you remain in me and my words remain in you, ask whatever you wish, and it will be given you." We will have a productive, faith-filled year!

Peace be with you,

Dorothy Wheaton

Principal
